

Make a difference!

Apply for an inspector position with the Canadian Food Inspection Agency (CFIA). You will contribute to the health and safety of all Canadians. The CFIA is Canada's largest science-based regulatory agency. We are responsible for the delivery of all federally mandated programs for food inspection, plant and animal health products and production systems. There are approximately 7200 dedicated and highly trained professionals who work for the CFIA in a wide range of scientific, technical, operational and administrative positions. Experts in their fields, our employees are committed to protecting Canada's food, plants and animals and to meeting the demands of domestic and international consumers and markets
