

## Grow with us in 2015! Landscape Architect/Designer

Recognized by Landscape Ontario with Awards of Excellence for our work, Landscapes By Lucin is dedicated to providing clients with compelling, creative landscape design. Based in Toronto, our business is growing, which is why we're seeking a talented, versatile, self-motivated full-time Landscape Architect/Designer to join us in delivering award-winning projects from concept to completion.

### With a minimum of 5 years' experience, you possess:

- An ambition to lead with client-oriented problem solving skills.
- A strong design, drafting and graphic background – from design development to the production of construction-ready drawings, a planting plan, contract signing and site management duties.
- Ability to work in AutoCAD, DynaSCAPE and SketchUp. Familiarity of Mac O/S a definite plus.
- Experience and a full working knowledge of landscape construction, with field experience in the landscape construction industry an asset.
- Experience and expertise within the residential design process, including strong organizational and client relations skills.
- Experience in project management of residential design-build landscape construction projects.
- Ability to prepare concept drawings that adhere to client budget.
- Landscape design/construction sales experience a welcome plus.

**You meet each new project with a dedication to fully understanding your client's needs in order to create innovative, quality design solutions that consistently exceed expectations.**

If you're nodding, we'd like to know more about your unique approach to landscape design! Remuneration, benefits and incentives will be discussed upon interview.

### Why join Landscapes By Lucin?

We truly believe that when it comes to delivering exceptional work and outstanding customer service, our employees are our partners, and the reason for our success. We are rooted in growing our business – and providing opportunities for professional growth and development.
