

Grow with us in 2015!

Certified Horticulturalist

Recognized by Landscape Ontario with Awards of Excellence for our work, Landscapes By Lucin is seeking a Certified Horticulturalist. Together with our Production Manager and President, the successful candidate will work to ensure quality growth in our rapidly expanding planting division.

You are a detail-oriented expert with the ability to:

- Identify the plant material we supply and install, recommend substitutions, provide soil identification and seasonal planter design.
- Organize and work alongside planting crews as needed, co-ordinate deliveries, tag plant material, plant placements on-site and inspect quality of work.
- Hire and train staff as needed ensuring proper pruning techniques and best horticultural practices – thanks to extensive experience planting, pruning and maintaining gardens.
- Grow a maintenance division by up-selling planters, annuals, bulbs and recommend planting plans to clients.
- Deal directly with clients on a sales basis – annual remuneration is linked to sales performance.

We're looking for someone with a strong business sense who can set goals, review progress, and consistently keep "all the balls in the air".

If you're nodding, we'd like to meet you! Remuneration, benefits and incentives will be discussed upon interview.

Why join Landscapes By Lucin?

We truly believe that when it comes to delivering exceptional work and outstanding customer service, our employees are our partners, and the reason for our success. We're rooted in growing our business – and providing opportunities for professional growth and development over the long term.
