

Landscape Design & Service

The team at Yamich Landscaping requires the services of an energetic self-starting Horticulturalist....

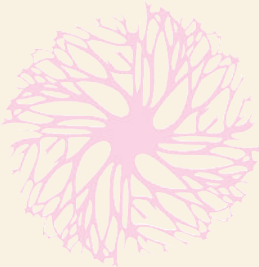

Must be flexible as to job requirements, i.e., willing to perform Planting, Garden Maintenance, Pruning, Stone-work, Fencing design and construction, etc., etc....

No shortage of variety - everyone does a bit of everything....

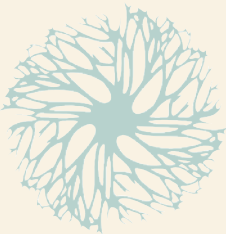

Bring us all your skills and we'll talk....

You should also be flexible on working hours and locations - we're based in Burlington but that's just our home address....

Your own transportation is a basic job requirement.

Please send your current resumé to
mybusiness17@sympatico.ca
and call us....
