

It's Awesome Outside. That's Why!

Garden Services - Softscape

Wentworth Landscapes, determines the success of its projects by how it meets the needs of our clients. In conjunction with Come Alive Outside, our goals are to provide living spaces that successfully provide places where people want to live, play and work. The possibility of getting someone out of the house and into their outdoor space more often is what drives us. We are committed to developing these landscapes, while harmoniously blending them with nature - whether it is a back garden living space, or a municipal park.

Wentworth Landscapes, the design/build leader in south-eastern Ontario, is looking for Team Leaders and Team Members to join its Construction/ Hardscape Team. Due to continuing strong growth, our company, which serves the, Cobourg, Kingston, Prince Edward County, and Belleville areas, is looking for highly motivated individuals to be part of our team and contribute to future growth.

TEAM LEADER

- minimum 4 years experience in the softscape landscape industry or horticulture diploma, degree or technician certification
- thorough knowledge of plant culture, horticulture maintenance, and IPM practices
- strong communication skills, and leadership abilities
- responsible, & driven individual, that takes pride in work well done
- a great eye for detail
- maintains positive relations with others
- extremely professional image

ASSISTANT TEAM LEADER/ TEAM MEMBER

- minimum two years experience in the horticulture industry
- working knowledge of plant culture, and horticulture maintenance
- enthusiastic team member with a great attitude and desire to learn
- this position offers excellent long term progressive career opportunities

We offer excellent wages and benefits, an amazing training program, challenging and unique projects, and an exceptional team environment.
