

**Landscape Maintenance and Garden Installations
Great Horticultural Career Opportunity - Crew Chief
(also hiring Crew Members)**

Established landscape design and maintenance company working exclusively on high-end properties (\$1m - \$5m) in the South Burlington/South Oakville area, is building their team.

We have a select client list for maintenance, and also specialize in exceptional landscape design and build work focusing on seasonal gardens, trees and shrubs. Ensuring that we have a highly competent crew in the management of lawns and gardens is a promise that we make to our clients – working as a team to elevate our service and expertise.

We offer competitive wages, bonus structure and a great work environment for the positions available – Experienced Landscape Crew Chief and Crew Member positions. Prior experience in landscape maintenance is required. Horticultural background in Horticultural Technician or Horticulturalist program preferred and pride in a job well done is essential.

If you have a desire to grow in your horticultural career, a passion for gardens and a great work ethic, please submit your resume for consideration.
